

WiSE STRATEGIC PLAN

2017–2022

Our Mission: **Enhance STEM experiences for women by advocating for diversity and inclusion through opportunities, resources, and support.**

Goal 1 : **Prepare global citizens for 21st century careers through experiential learning and leadership opportunities.**

Goal 2: **Enhance and cultivate environments where women in STEM are safe, feel welcomed, supported, included, and valued.**

Goal 3: **Provide opportunities, support, and intervention to ensure each individual reaches their potential.**

We value:

- people as individuals;
- integrity and accountability;
- inclusion;
- collaboration;
- continuous learning;
- leadership; and
- excellence in all we do.

WiSE embraces Iowa State University's land-grant heritage by being responsive to the needs of our students and stakeholders throughout the state of Iowa. WiSE has a strong reputation for collaborating and developing innovative programs based on formative and summative assessments. We accomplish our mission with honesty, integrity, and professional ethics. WiSE will continue to capitalize on these strengths over the next five years to realize the goals of this strategic plan.
